

## LessonSpace Integration Setup Guide

Configure **LessonSpace** key under **System Settings > General Settings > Third party API**.

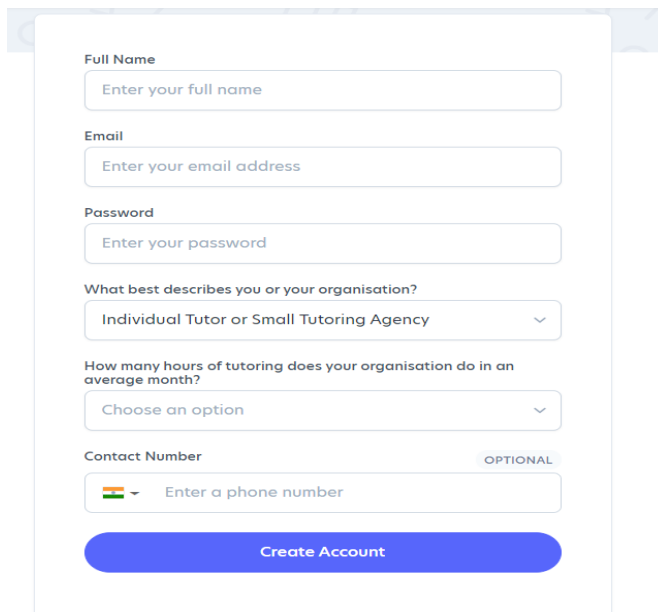

The screenshot shows a settings interface with a header 'LessonSpace Api Key' in a grey bar. Below it is a text input field labeled 'LessonSpace Api Key'.

**Fig. 1: LessonSpace Settings under Third party API tab (Admin-end)**

To collect this key, follow these steps:

1. Login to your LessonSpace Account, If you don't have one, visit <https://www.thelessonspace.com/create-account> . A form will open for creating an account.(fig 2)

The screenshot shows a form for creating a LessonSpace account. It includes the following fields and options:

- Full Name**: Text input field with placeholder 'Enter your full name'.
- Email**: Text input field with placeholder 'Enter your email address'.
- Password**: Text input field with placeholder 'Enter your password'.
- What best describes you or your organisation?**: Dropdown menu with 'Individual Tutor or Small Tutoring Agency' selected.
- How many hours of tutoring does your organisation do in an average month?**: Dropdown menu with 'Choose an option' selected.
- Contact Number**: Text input field with placeholder 'Enter a phone number', marked as 'OPTIONAL'. It includes a country code dropdown showing India.
- Create Account**: A blue button at the bottom.

**Fig. 2: LessonSpace account creation form**

- Fill in all the fields and click on **create account**. (remember to save your password as you'll need it for logging it to LessonSpace account later)
- Now you'll be redirected to your account page.(fig 3)

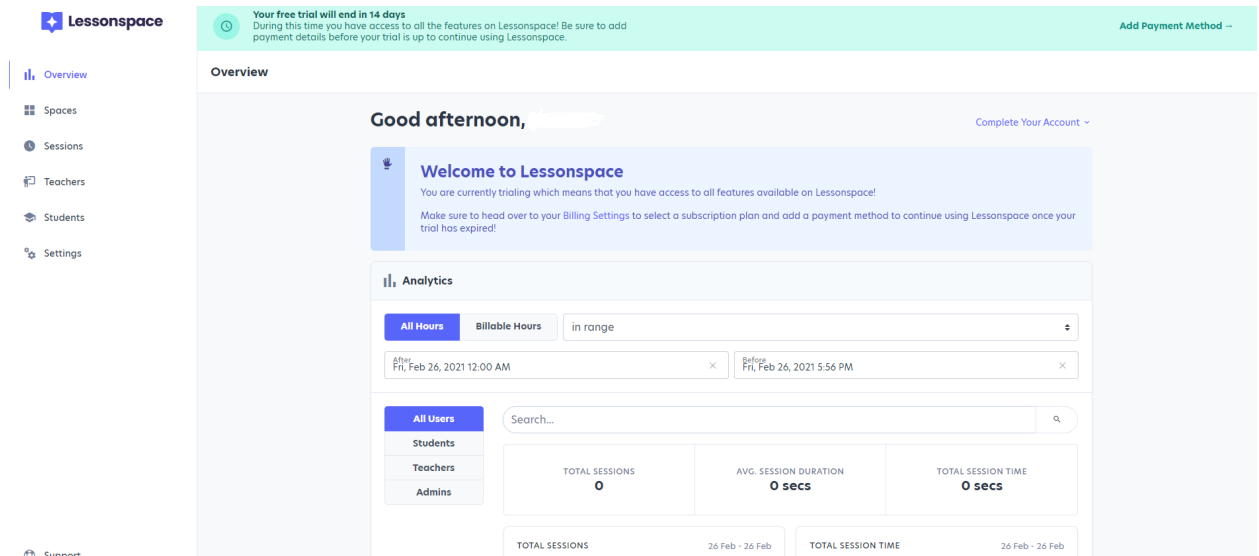

Fig. 3: LessonSpace account dashboard

- Copy the LessonSpace API keys: (By going to **LessonSpace Dashboard > Settings > Developer**).(fig 4)

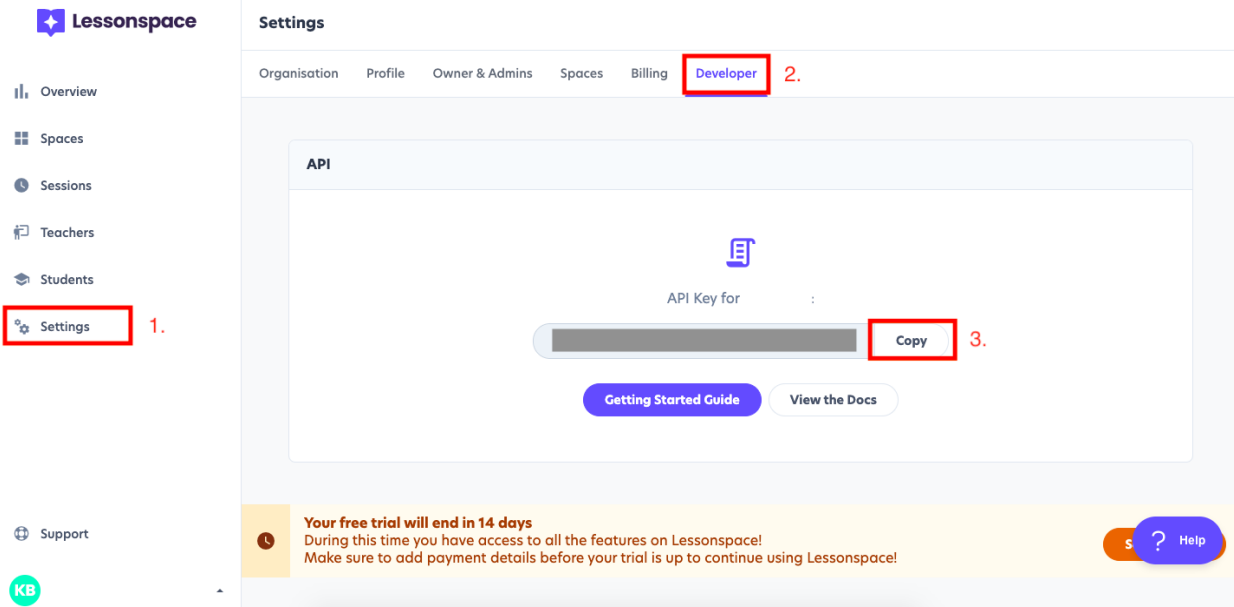

Fig. 4: Copy LessonSpace API key.

5. Now paste this key in the corresponding section of the admin panel.  
(refer [fig 1](#))

Have a look at our [Getting Started Guide](#) to see how to create spaces and share links with your students.

If you're not sure what you can do during live sessions have a look at our [Space Features](#) to learn more about what's possible with LessonSpace.
