

Mailchimp API Key Setup Guide

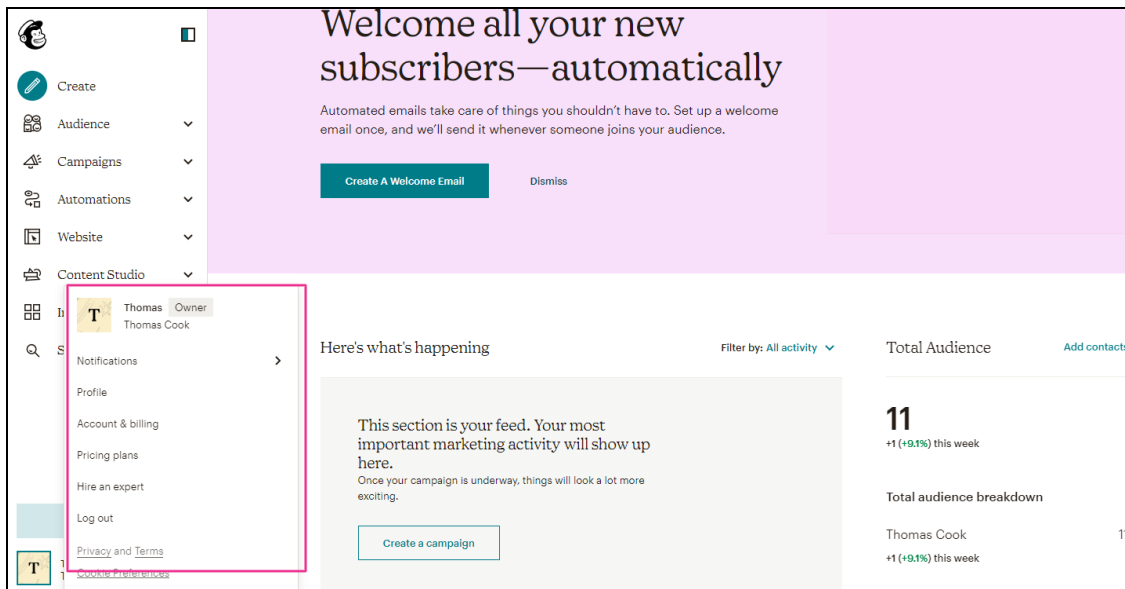

Yo!Coach offers the functionality to automate system newsletters and enables your platform's users to subscribe to your newsletters. This functionality is facilitated through **Mailchimp** as third-party API support. To integrate the API, configure the system keys from the **Manage Settings > General Settings > Third Party API** section.

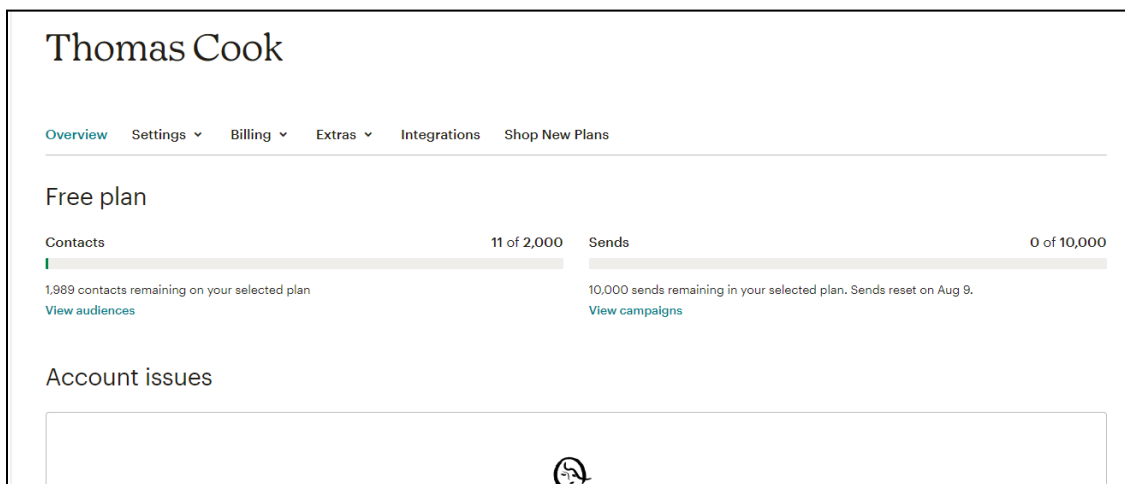

Newsletter Subscription	
Mailchimp Key	<input type="text"/>
Mailchimp List ID	<input type="text"/>
Mailchimp Server Prefix	<input type="text"/>

To collect these keys, follow these steps:

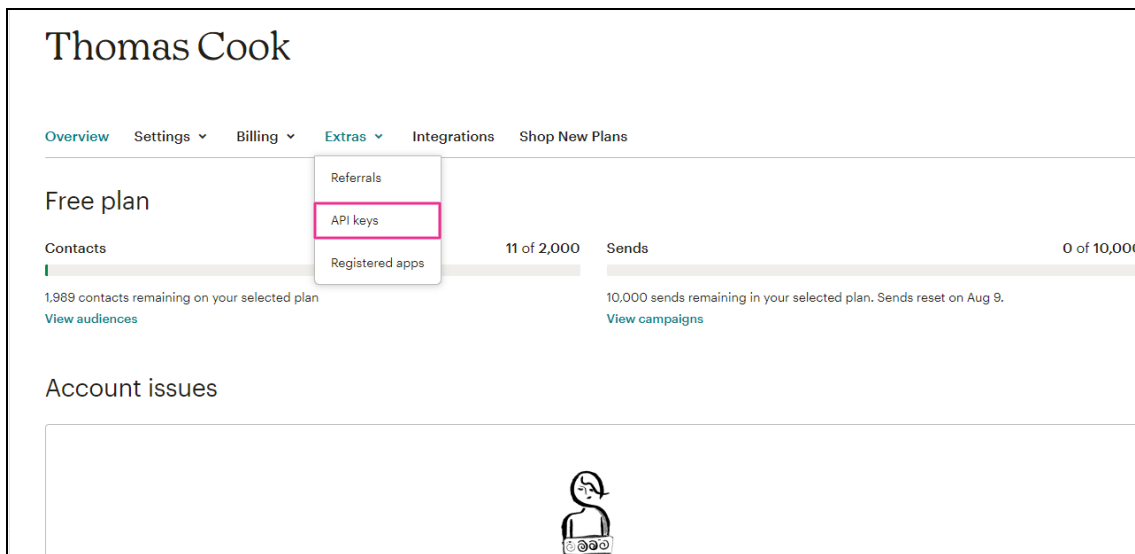

1. Log in to your Mailchimp account. If you don't have one, visit <https://mailchimp.com/> to create a new account.
2. Once logged in, you are redirected to your Mailchimp account Dashboard. Click on the **Username** provided at the bottom-left corner which will open a drop-down list of options.

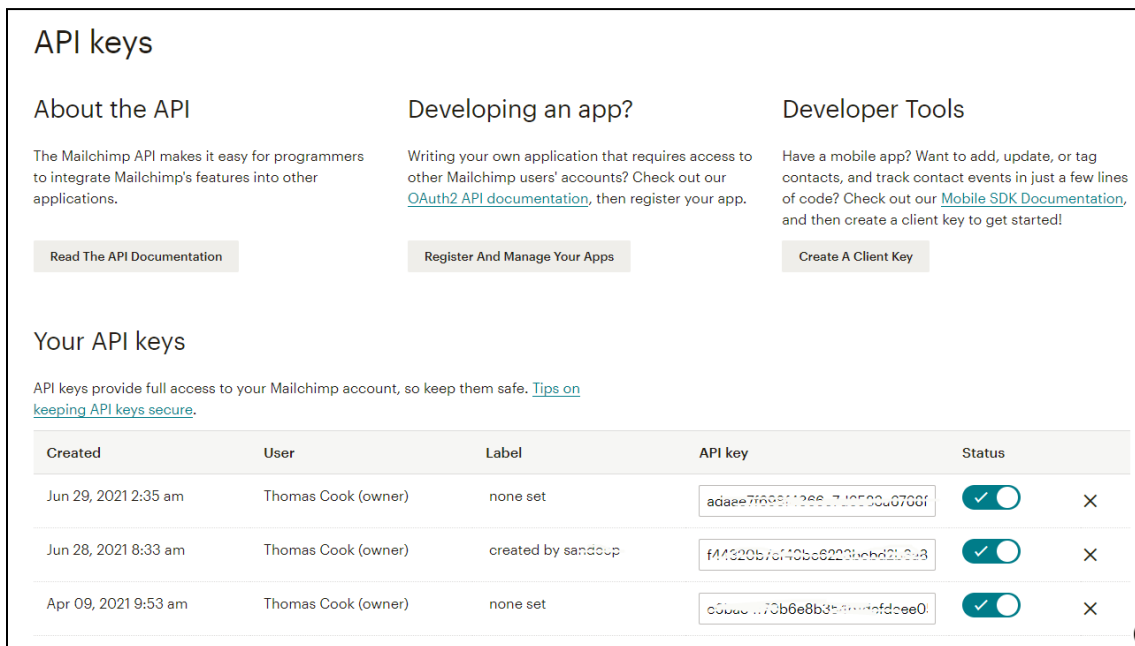

3. Click on **Account & Billing** and you are redirected to the **Account & Billing settings** page.

4. Click on **Extras** and select **API Keys** from the dropdown.

5. You are redirected to the **API Keys** page.

6. Click on **Create A Key** to create a new Mailchimp Key. Copy this API key. On your Yo!Coach panel, navigate through **Manage Settings** > **General Settings** > **Third Party API** section. Paste the copied secret key in the **Mailchimp Key** field and click on **Save Changes**.

Mailchimp Key

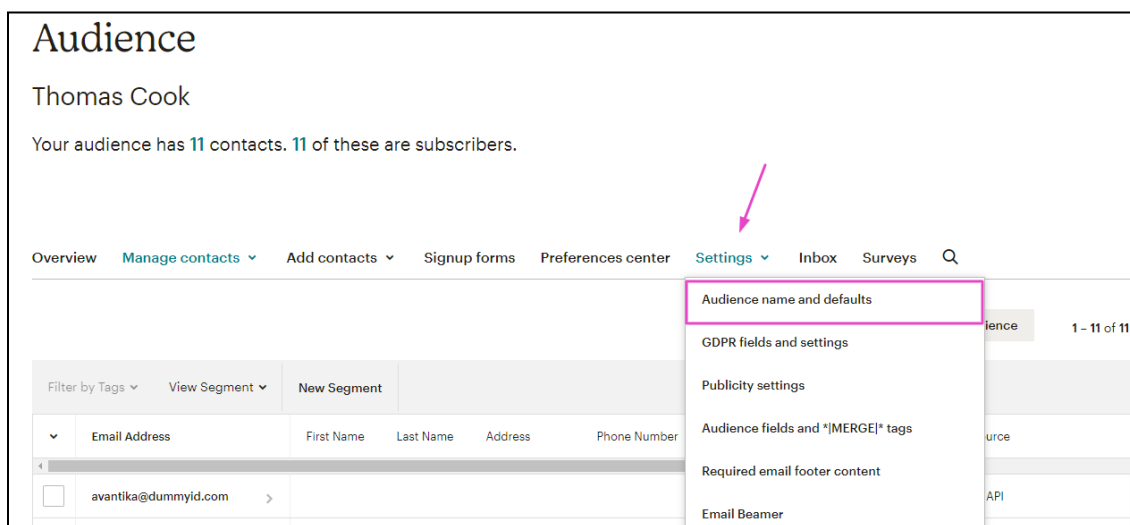

Mailchimp List ID

Mailchimp Server Prefix

7. Move back to your Mailchimp account and click on **Audience** from the top header of the page. Click **All Contacts** and you are redirected to the **Audience** page.

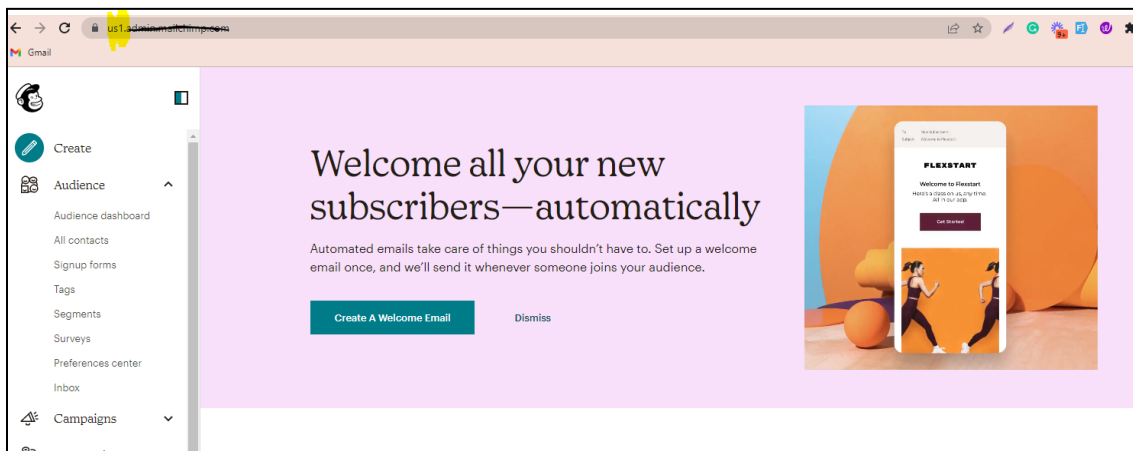

8. Click on **Audience Name and Defaults**.

- You are redirected to the **Audience Name and Campaign Defaults** page. From this page, copy the **Audience ID**. Head over to your Yo!Coach account and navigate through, **Manage Settings > General Settings > Third Party**. Paste the previously copied audience ID in the **Mailchimp List ID** field and click on **Save Changes**.

- To add the **Mailchimp Server Prefix**, refer to the URL after logging into the Mailchimp account. The first section on the URL text before the period(.) is your MailChimp prefix account. Copy this text from the URL field.

11. From your Yo!Coach account, navigate through **Manage Settings** > **General Settings** > **Third Party API**. Paste the previously copied URL text into the **Mailchimp Server Prefix** field and click on **Save Changes**.

Newsletter Subscription

Mailchimp Key
This Is The Mailchimp Application Key Used In Subscribe And Send Newsletters.

Mailchimp List ID
The Mailchimp Subscribers List ID.

Mailchimp Server Prefix
Enter Mailchimp Server Prefix from your account

Once all the steps are followed through, Mailchimp is successfully configured on your system.

2. Testing Outputs at front-end

1. Before you begin the testing process ensure that from the Yo!Coach admin panel:
 - a. Navigate through **Manage Settings** > **General Settings** > **System** > **Miscellaneous Settings**.
 - b. Activate newsletter subscription using the checkbox and click on **Save Changes** from the bottom of the page.

Miscellaneous Settings

Default Items Per Page*
Maximum number of records to be shown on each listing page on the admin panel. For example, Manage users, Manage orders, Teacher Approval requests, etc.

Minimum Gift Card Order Amount *
Minimum amount of gift card that a user can purchase.

Manage Language Prices Admin Manageable Pricing Teacher Manageable Pricing
Note: Please visit the Teaching Languages section to update the language prices. It is recommended to avoid frequent changes to this setting.

Activate User Notes
Users can create and maintain notes from their account only when this setting is enabled.

Activate Newsletter Subscription
Newsletters functionality works on the system only when this setting is enabled.

Activate Free Trial
Teachers can offer free trial sessions to the learners only when this setting is enabled.

c. Mailchimp is the default Email Marketing System.

d. Navigate through **Manage Settings > General Settings > Third Party API > Newsletter Subscription**. Add the **Key** and **List ID**.

2. Once everything is set up, go to the Yo!Coach Homepage and scroll until you reach the footer section. Just above the footer area, you will find a **Subscribe** field where you can enter a test email address and confirm by clicking on **Subscribe**.

Enter your email and subscribe to receive notifications of new posts by email.
