

Stripe API Keys Setup Guide

Stripe is a payment service provider that can be used to accept payments from credit cards. It charges a fee on each transaction. Its integration in Yo!Coach enables the learners to make payments using Stripe as a payment method.

Configure the **Stripe** integration keys from **Manage Settings** > **Payment Methods** > **Stripe** > **Settings** section.

	Stripe provides a reliable payments infrastructure for the internet. Millions of businesses of all sizes – from startups to large enterprises – use Stripe's software and APIs to accept payments, send payouts, and manage their businesses online. It provides a fully integrated suite of payments products and brings together everything that's required to build websites and apps that accept payments and send payouts globally.
	Save Changes

Step 1: Register & Login to Stripe Account

1. Visit <u>https://dashboard.stripe.com/login</u> and Sign in to your Stripe account.
